MN/ND Jewelers Association Design Contest

Throughout the year, Minnesota/North Dakota Jewelers gather from across the state for educational seminars and social events.

Each year, in conjunction with the Annual Convention, jewelry designers are recognized for their contributions to the jewelry industry. Jewelry designers are encouraged to enter specially created pieces of jewelry for competition in the Annual Design Contest.

The contest has categories for the professional and apprentice/advanced student category. First place winners, in each category, will receive a plaque and a press release for their local paper. Second and Third place winners will also be recognized. All other entrants will receive an award of merit.

The First place winner in the Professional category must have their piece available in early 2010 for the Jewelers of America National Competition held at the JA-NY Winter Show. Special recognition may also be given to one piece for Artistic Design.

The winners will be announced at the Annual Convention to be held on Sunday, October 25, 2009 in Bloomington, MN. All designers are encouraged to attend.
